Lab Exercise
Question 1

a) What types of function are available in this program.

Type 1:
A function that does not take any parameters and does not return a value.

Type 2:
A function that does not take any parameters but returns a value.

Type 3:
A function that takes parameters and returns a value.

Type 4:
A function that takes parameters but does not return a value.

b) Based on the program, state the functions that match with your answer at Question (a).

```
// NAME: NUR BATRISYIA BINTI AHMAD SHAHFARIN  MATRIC:B032610246
SESSION:S2G2#include <iostream>using namespace std;
void printHeader();double getValidScore();double
calculateAverage(double sum);void displayResult(double avg, char
grade);
char determineGrade(double avg);
int main() {
    printHeader();

    double totalSum = 0.0;

    for (int i = 0; i < 5; i++) {
        double score = getValidScore();
        totalSum += score;
    }

    double average = calculateAverage(totalSum);
    char grade = determineGrade (average);

    displayResult(average, grade);

    return 0;}
void printHeader() {
    cout << "Find Average for 5 Scores" << endl;}
double getValidScore() {
    double score;
    while (true) {
        cout << "Enter Score: ";
        cin >> score;
```

```
        if (score >= 0 && score <= 100) {
            return score;
        } else {
            cout << "!!! INVALID SCORE" << endl;
        }
    }}
double calculateAverage(double sum) {
    return sum / 5.0;}
char determineGrade(double avg) {
    if (avg >= 80 && avg <= 100)
        return 'A';
    else if (avg >= 65)
        return 'B';
    else if (avg >= 50)
        return 'C';
    else if (avg >= 40)
        return 'D';
    else
        return 'F';}
void displayResult(double avg, char grade) {
    cout << "The average score is " << avg << endl;
    cout << "The average grade is " << grade << endl;}
```

Output

```
Find Average for 5 Scores
Enter Score: 50
Enter Score: -1
!!! INVALID SCORE
Enter Score: 101
!!! INVALID SCORE
Enter Score: 100
Enter Score: 0
Enter Score: 70
Enter Score: 30
The average score is 50
The average grade is C
```
